SUMMARY OF NEWS.

exclusive privileges to any body of men; thanks the Democrats in Congress for their efforts in favor of economy; demands that the polls shall be free from Federal interterence; believes that the purity of the ballot-box can be better preserved through State authority than by Federal interterence; protests against laws which authorize the arrest of citizens at the polls without warrant or hearing; denies that any constitutional power exists in the Federal government to make anything a legal tender in the payment of debts except gold and silver, etc.

and silver, etc. L. A. Wiltz has been nominated for Go ernor by the Louisiana Democratic State Co

There is an increase of 1,600 in the first day's registration of voters in New York city as compared with the first day last year. Augustus Schell, grand sachem of Tammany Halt, and other well-known Tammanyites served as inspectors of election. Samuel J. Tilden and David Dudley Field were also appointed election inspectors, but were excused from serving.

The Edwards family heirs and rep

The American horse Parole has been de-feated again on English soil, coming is sixth in the Conservitch contest at Newmarket. The French quarter of Shanghai, China, has been visited by a great fire which destroyed 991 houses.

The Edwards family heirs and representatives from all parts of Canada have held a
conference in London, Ont., in regard to the
estate claimed by them in the city of New
York, valued at \$90,000,000. Legal proceedings are to be instituted immediately.

Sir Francis Hincks, president, and the board
of directors of the Consolidated Bank of Montreal have been indicted by the grand jury for
misrepresenting the bank's affairs.

If the Russian army is further increased, it
is thought at Berlin that a proportionate inorease of the German army will be absolutely
necessary.

The control of country a present shall be a first of the country o

A Mangled Becter's Fertitude.

The New York Herold has the following account of the shocking death of Dr. Engage Peugnet, one of the ablest phy-

ing account of the shocking death of Dr. Engess Penget. One of the ablest physicians in the United States:

Dr. Peugess' was run over and had both his feet cut off by a brain of the Harlem rairoad, near the Wost Mount Vermon station, and died about. Six o'clock the next morning. On being removed from under the train it was found that he was perficitly conscious, and he remained so until within fifteen minutes before his death. Immediately after the accident he gave orders to be the reidence of Dr. A. M. Campbell, in Sixth avenue, Mount Vermon, but the biding of the carriage proved too severe, and by his directions he was taken to Smith's hotel, near by. Here he direct a selegram to be sent to Dr. H. B. Sands, of New York, to come and amputate his limbs. He also sent for other medical friends, and by about nine o'clock fourteen of them were at his side and and made incisions in his same and injected with his own hands brandy and morphine into them with a view of counteracting the effect of the shock to his nervous system. He also sent for other with a structural to his nervous system. He also sent for other manner in which the bandages should be adjusted, and regulated with his own hands brandy and morphine into them with a view of counteracting the effect of the shock to his nervous system. He also sent for the shock to his nervous system. He also sent for the shock to his nervous system. He also sent for the shock to his nervous system. He also sent for the shock to his nervous system. He also sent for the shock to his nervous system. He also sent for the shock to his nervous system. He also sent for the shock to his nervous system. He also sent for the shock to his nervous system. He also sent for the shock to his nervous system. He also sent for the shock to his nervous system. He also sent for the shock to his nervous system. He also sent for the shock to his nervous system. He also sent for the shock to his nervous system. He also sent for the shock to his nervous system the wishest system of the shock to

New Derby hats for laddes have a silk cord wound five or six times around the crown. Sometimes a rosette made of humming-birds' heads, with their bills in the center, will trim one side of such a hat.

New flat, square-cornered bags and a wide belt are inported in black or blue velvet and in black glove kid. These, the blow strack which killed Hamer, but he can belt are inported in black or blue velvet and in black glove kid. These, the bear reprieved. Molitanus is the twenties to be "Molly Magnires" to suffer death on the showlis decorated leather and velves bags lately seed.

One of the most striking novelties in hosiery is a black lishe thread stocking, embroidered with mediavel designs in gaid colored silk, giving the effect of embroidery, with gold bullion thread and dords.

I The soft belt is the name given to what is peally a sash of pliable ribbon, usually in stripes of two contrasting colors. It is wornted around the waist in soft pegligent folds, and has a bow which eggligent folds, and has a bow which eggligent folds, and has a bow which eggligent folds. Sometimes it begins in the under-arm seams, and is only in the develop of the many stripes of two contrasting reads and solly in the under-arm seams, and is only in the under-arm seams, and is only in the more and soll and costs. They restal has been accommendation that of his father a chees the has death a stem to distant and seath the had seen the wind the stripes of the stripes of the same of the stripes of the stripe

which egidant the left side. Sometimes it begins finite under-arm seams, and is only in the front.
